PTA Business:

-Father/Daughter dance was a huge success. Last-minute tickets being requested was a problem. Next year we will plan for 10% more people than have purchased tickets and have that many tickets in reserve for the last minute requests.

We will also plan on partnering with several restaurants to capitalize on the dinners our families are having prior to the dance. The committee will also look into more 360 degree cameras as that received a lot of positive feedback.

- -The nominating committee was successful and has most of the positions filled.
- -School supply kits for next year are in process.
- -Autograph books instead of a yearbook will be available this year for the first time for people who do not want to buy a yearbook or missed the yearbook deadline for purchase.
- -Dr. Connery will be submitted for the "Outstanding Principal Award"
